

Why is Imlay City Christian School the best educational choice for your child?

Since our opening in 1952, we have embraced the mandate to provide an exceptional Christian educational experience for families in our region.

- **At ICCS every child is treasured as the Lord's child, made in His image.** We see each child as God-gifted with a unique set of talents for a specially designed purpose in His kingdom. At ICCS our mission is to lead students to discover, unwrap, and develop their talents for Christian living.
- **ICCS is blessed with an extraordinarily gifted, highly qualified, and dedicated staff who model Christ in and out of the classroom.** Because of an 8 to 1 ratio of students to teacher, the staff is able to provide highly personalized attention to the needs of each student. Staff members are readily available to conference with the parents of students.
- **The curriculum at ICCS is faith-integrated and rich in the Christian worldview, so nurturing a student's faith.** The curriculum encourages students to discover the foundational connection between Christ and His Word and every academic pursuit.
- **The curriculum at ICCS is academically challenging and robust.** Our students consistently score far above grade level on national standardized tests. In 17 of the last 25 years eighth grade graduates from ICCS have gone on to be valedictorians in their high school graduating classes.
- **Imlay City Christian School is a community of grace where all are welcomed.** We celebrate diversity and seek to instill the love of the Lord and our neighbor in the heart of each student.

When you enroll your child at Imlay City Christian School, you become a part of a wonderful community of Christian families and educators that love the Lord and our kids. We welcome you to come catch our passion and vision and to join our community!

Here is what current parents have said about ICCS:

“Just a note to parents seeking a great education for their child...our son was in a local public school last year and really struggled due to large class sizes and not being challenged adequately. Since he started this year at Imlay City Christian School, he is getting A's and B's and has begun to greatly refine his social skills. It is an awesome change and we credit the excellent faculty at this school. I cannot express how happy we are that we chose this school for his education.”

- Alan P. Karwowski

“ICCS has been a blessing to our family over the past five years. The teachers are very dedicated and show daily that they care about the children's academic growth as well as their spiritual growth. ICCS is our partner in teaching our children God's World and Christian values that are consistent with those taught in our home and church. ICCS has a family atmosphere and the students are very welcoming. The small class size and

extra-curricular activities make ICCS a great school for children to thrive.”

- Lynn Gonzalez

“There really isn’t anything we don’t love about this school and there are so many reasons we are so thankful for everything about it....It seems everyone here is just a big family that is happy to look out for each other. Everyone goes out of their way to help and we are always thankful for that....ICCS has such a special place in my heart. God has led us here to live and learn together and our children are getting far more than an education. They are learning valuable life lessons, being held accountable for their actions and the older kids that are here are such great role models to our younger kids.”

- Amy & Dan Radomski

“The best thing about Imlay City Christian School is easy to name. I could do it in my sleep. It’s the people! And most especially, the teachers. They are what make the school special. They give so generously of their time and love and patience. That’s what makes ICCS a warm, caring place to send our kids. If that’s all they offered our kids that would be important and impressive, but they also bring excellence as teachers. They do a great job helping our kids learn about the world around them—the world God made. The BEST thing about Imlay City Christian School is the wonderful teaching staff they have.”

- Marilee Atkins – mom of a sixth grader
